ASPHALT PAVING PROJECT

BID OPENING

DATE: July 20, 2026 | TIME: 9:00am

LOCATION:

Wynne City Hall
206 S. Falls BLVD
Wynne, AR 72396

PREPARED BY:

CITY OF WYNNE, ARKANSAS

206 S. Falls BLVD • Wynne, AR 72396
(870) 238-0027 • www.cityofwynne.gov

Asphalt Paving Project

Project: The work consists of furnishing and installing approximately 2,200 square yards of hot mix asphalt pavement over a prepared six (6) inch compacted Class 7 aggregate base (aggregate base will be in place and provided by the owner). The asphalt pavement shall consist of a two (2) inch compacted asphalt binder (base) course and a one and one-half (1.5) inch compacted asphalt surface course, for a total compacted asphalt thickness of three and one-half (3.5) inches.

Invitation to Bid

Sealed bids will be received by the City of Wynne for furnishing all labor, materials, equipment, and incidentals necessary to place approximately 2,200 square yards of hot mix asphalt pavement over a prepared six (6) inch compacted Class 7 aggregate base (aggregate base will be in place and provided by the owner). The asphalt pavement shall consist of a two (2) inch compacted asphalt binder (base) course and a one and one-half (1.5) inch compacted asphalt surface course, for a total compacted asphalt thickness of three and one-half (3.5) inches.

Instructions to Bidders

Submit one signed original bid (*using the form located on the last page of this document*) and an itemized quote in a sealed envelope marked 'Asphalt Paving Project.' **Bids must be received by Wynne City Hall no later than 8:59am on July 20, 2026.** Bids shall remain valid for 60 days. The City reserves the right to reject any or all bids and waive informalities.

Scope of Work

- Furnish all labor, equipment, and materials.
- Apply tack coat where required.
- Install approximately 2,200 square yards of hot mix asphalt consisting of a two (2) inch compacted asphalt binder (base) course and a one and one-half (1.5) inch compacted asphalt surface course.
- Roll and finish to smooth grade.
- Stripe parking spaces.
- Clean project site upon completion.

Asphalt Paving Project

Technical Specifications

Material shall conform to current Arkansas Department of Transportation specifications for hot mix asphalt unless otherwise approved by the City. Contractor shall maintain proper compaction and smoothness and repair deficient areas at no additional cost.

Bid Bond Requirement

Each bid shall be accompanied by a bid bond or certified check equal to five percent (5%) of the bid amount if required by Arkansas law.

Performance & Payment Bond Requirement

The successful bidder shall furnish Performance and Payment Bonds in the amount of one hundred percent (100%) of the contract price prior to execution of the contract.

Insurance Requirements

Contractor shall maintain Workers' Compensation, Commercial General Liability, Automobile Liability, and any other insurance required by law. Certificates shall name the City as additional insured where appropriate.

Contract Time

The selected bidder will be expected to work with the current project contractor, and additional subcontractors, and not delay progress. Construction is expected to begin mid-July with a completion date of mid-October.

Award of Contract

The City will award the contract to the lowest responsive and responsible bidder, taking into consideration the best interests of the City.

General Conditions

Contractor shall comply with all applicable federal, state, and local laws and shall be responsible for traffic control, site safety, and protection of adjacent property.
